RE: 3.1F1 example correction

It was pointed out to me that the first example under 3.1F1 is incorrect in that it is in conflict with the second sentence of the final paragraph of 1.1E3: "Never omit any of the first five words of the other title information." In verifying the omitted information I discovered that the compiler's name was misspelled. I am therefore submitting the following proposed correction.

PROPOSED REVISIONS

3.1F1. Transcribe statements of responsibility relating to persons or bodies as instructed in 1.1F.

Football history map of England and Wales [GMD] :
showing ~~...~~ on the map the colours and locations of all
the clubs in the Football League ... / compiled by John
Carveasso

[remaining examples not transcribed]
