CONSER RDA Core Elements for Serials

Les Hawkins

February 13, 2013

Hosted by ALCTS
Acknowledgements

• CONSER and PCC RDA Task Group Members
• LC Policy and Standards Division Staff, members of the Cooperative Cataloging Team
• PCC standing committees and task groups
• UCLA RDA Review Group
Topics

1. Background
2. CONSER RDA Documentation
3. CONSER RDA Bridge Training Materials
4. Next steps
1. Background

1. CONSER: serials descriptive component of the Program for Cooperative Cataloging (PCC)

2. CONSER Standard Record (CSR): AACR2 based core elements for serials cataloging

3. CONSER RDA Core Elements for Serials: element set for RDA description
PCC Decision to Implement RDA

1. PCC decision to implement RDA

2. Decisions needed for PCC:
   – Alternatives in RDA
   – Going beyond RDA core
   – Best practices for PCC

3. PCC task group work began 2011 and continues today
PCC Decision Making

1. Task group recommendations
2. Public comments
3. PCC Policy Committee decisions
4. Recommendations incorporated into documentation
   - LC-PCC Policy Statements
   - Descriptive Cataloging Manual
   - Other PCC program documentation
## Status of PCC RDA Task Groups (2012)

Status of PCC RDA Task Groups  
Last update: October 18, 2012

CONSER Standard Record Task Group

2011-2012, charge:

1. Review CSR AACR2/LCRI guidelines and elements
2. Make recommendations on CONSER core RDA elements
3. Be flexible; changes can be made as implementation proceeds
CONSER Core RDA Elements

1. Represent changes from CSR AACR2 practices agreed to in 2007
2. Year long CONSER process and discussions
3. Approved by CONSER and PCC Policy Committee
4. Recognize need to evolve with changing PCC RDA practices and decisions
Alignment With Other PCC guidelines

1. **BIBCO standard record**: monographic descriptive component of PCC

2. **Provider neutral guidelines** for monographs, serials, and integrating resources
Evolving Practices
2012-2013

1. Hybrid records: interim and post implementation
2. Expressions in bibliographic and authority records
3. Relationship designators
Background Summary

CONSER RDA core elements:

1. PCC RDA decisions needed
2. Consultation within CONSER and public comments
3. Approved by the PCC Policy Committee
4. Will change based on evolving PCC practices
2. CONSER RDA Documentation

1. CONSER RDA core elements
   • RDA/FRBR arrangement

2. MARC 21 to RDA core elements

3. CONSER RDA cataloging checklist
Used in conjunction with other tools

1. **PCC provider neutral guidelines**
2. **PCC hybrid record/working with copy guidelines**
3. Utility guidelines
4. Local policies for RDA core elements
CONSER RDA Documents

RDA documentation on CONSER Web site:
http://www.loc.gov/aba/pcc/conser/index.html

1. CONSER RDA core elements
2. CONSER MARC 21 to RDA core elements
3. CONSER RDA cataloging checklist
CONSER RDA Core Elements

CONSER RDA CORE ELEMENTS

Explanation of symbols in this table:

"Element" column: a "T" in parentheses identifies a transcribed element per RDA instruction or per instruction.

"RDA no." column: an asterisk (*) indicates there is an LC-PCC PS for that instruction or an alternative for that instruction.

"FRBR" column:
FRBR entities
W = work
E = expression
M = manifestation
I = item

"Core" column: c = CONSER core; c if = CONSER core if applicable; [blank] = not required

### Describing Carriers

<table>
<thead>
<tr>
<th>Media type +</th>
<th>3.2</th>
<th>M</th>
<th>c if</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Carrier type</td>
<td>3.3</td>
<td>M</td>
<td>c if</td>
<td></td>
</tr>
<tr>
<td>Extent</td>
<td>3.4*</td>
<td>M</td>
<td>c if</td>
<td></td>
</tr>
<tr>
<td>Dimension</td>
<td>3.5*</td>
<td>M</td>
<td>c if</td>
<td></td>
</tr>
<tr>
<td>Note on changes in carrier characteristics</td>
<td>3.22.6*</td>
<td>M</td>
<td>c if</td>
<td></td>
</tr>
</tbody>
</table>

**Continue with CSR practice:** Use the term required only for tangible non-print formats only if the resource is complete or if the total extent is known.

**Require at least the term (e.g., “volumes”) for “dead” serials only**

(Note: resource other than serial)

### Providing Acquisition and Access Information

| Uniform Resource Locator | 4.6* | c if |  |

### Identifying Works and Expressions

| Preferred title for the work | 6.2.2* | W | c if |  |
| Form of work                 | 6.3   | W | c if |  |
| Date of work                 | 6.4*  | W | c if |  |

Title or form of title chosen as the basis for the authorized access point representing that work. For example language editions. If needed to differentiate.

If needed to differentiate.

- If more than one place, only the first recorded is required. Record changes in place, if they are considered to be important for identification or access. (RDA 2.8.1.5.2)
- If a place of publication is not named on the resource, supply a probable place of publication whenever possible. If recording [Place of publication not identified], then give as complete a distribution or manufacture date as possible.
- If more than one publisher, only the first recorded is required. Also record changes in publisher name or of a different publisher appearing on later issues, if they are considered to be important for identification or access. (RDA 2.8.1.5.2)
- If a publisher is not named on the resource supply a probable publisher name whenever possible. If recording [Publisher not identified], then give as complete a distribution or manufacture date as possible.
- Serials: Record Publication Date of first and last issue if the dates are known and the first or last issues are in hand. Integrating Resources: if the date(s) of publication cannot be approximated, no date is recorded (RDA 2.8.6.5 applies to multipart monographs, serials, and integrating resources).
- For a published resource, if place of publication not identified; if more than one, only the first recorded is required.
- For a published resource, if publisher not identified; if more than one, only the first recorded is required.
CONSER RDA Cataloging Checklist

Introduction

- This document addresses what generally is included in CONSER bibliographic records for a textual serial; to be used with the CONSER RDA Core Elements List. Catalogers should also consult their institution’s core list. Additional elements may be needed for non-textual serials or serials in special subjects (law, music, etc.), catalogers should consult community-specific guidelines in these cases.

- This documentation is intended for experienced serials catalogers.

- This documentation focuses on creating serial records using
  - MARC 21 and ISBD punctuation
  - RDA instructions
  - CONSER standard record guidelines

- To establish authorized access point to identify a person, family, corporate body see instructions in NACO Training.

- Acknowledgment: This workflow is an adaptation of LC’s “Checklist: Creating RDA records” available at http://www.loc.gov/aba/rda/source/RDA_bib_checklist_DOC_C.doc, and two serial workflow documents: “Cataloging a print serial” by Renette Davis, and “Stanford MDU serials” available from the RDA Toolkit public shared files.

Getting started
Checklist: decision tool

Getting started

A. Determine that your resource is a serial by consulting RDA 2.13. In case of doubt about mode of issuance, apply the guidelines given in LCPS 0.0.

B. If there is already a bibliographic record for your serial in the database, consult RDA 1.6.2 to determine if you should create a new description or add information to the existing record.

If a new description is not needed:

- follow the instructions in RDA about changes related to the element that has changed (e.g., follow instructions in RDA 2.3.2.12.2 to record a minor change in the title proper, RDA 2.4.1.10.2 to record a change in a statement of responsibility, follow 3.22.6.3.1 to record changes in carrier characteristics)
- and follow PCC guidelines to enhance and edit PCC-level RDA and non-RDA serial bibliographic records

C. If you need to create a new description, select the appropriate work form, constant data record, and macro set for your bibliographic record depending on the mode of issuance, the content, and the carrier of your resource.
SERIAL CATALOGING

Is resource a serial? (apply LC-PCC PS 0.0)

- YES
  - Is there already a bibliographic record for your serial in the database?
    - YES
      - Is a new description needed?
        - YES
          - Add information to the existing serial record
        - NO
          - Create a new description following steps in E-M
    - NO
      - Catalog resource as other mode of issuance.
- NO
Checklist: editing instructions

Elements in CONSER bibliographic record

G. General Editing Instructions

1. The elements in this section are core elements if applicable and if available in serial bibliographic records with authentication code “pcc.”

2. If there is a “(T)” after the element name, it is a transcribed element. Generally, transcribe what is on the resource (RDA 1.7). There are two possible actions for capitalization, it is PCC and LC practice to allow the cataloger to decide:

   - transcribe exactly what is on the resource (or retain what is supplied from a digital source) or
H. Identifying Manifestations and Items

10. Identifier for the manifestation -- MARC 022, 030 (RDA 2.15)
   - Record a valid ISSN that you find in the serial or in any other source the ISSN in 022 $a (RDA 1.3, RDA 2.15)
   - Record an invalid ISSN that you find in the serial in 022 $y (RDA 2.15.1.6)

11. Title proper (T) -- MARC 245 $a, $n, $p (RDA 2.3.2; can also see LCPS information)
   - Transcribe in field 245 the title from basis of description and preferred source of information as determined following D, E, and F above.
   - Transcribe the title as it appears on the resource or apply capitalization following Appendix A as discussed in G.2 above.
   - Include any article that is at the beginning of the title proper and set the 245 second indicator to the number of character positions that should be disregarded for sorting and filing purposes.
RDA Toolkit

1. Checklist posted as a global workflow
2. CONSER RDA core elements and MARC 21 table are posted as global Maps
3. Links between the three tools
CONSER RDA Cataloging Checklist for Textual Serials

Introduction (Purpose and acknowledgment)

Getting Started
A. Is it a serial?
B. Is there already a record in the database?
C. How to choose a template for a new description
   Decision Tree
D. Source of information
E. Preferred Source of Information

Elements in a CONSER Bibliographic Record
G. General editing instructions
H. Identifying manifestations and items
   10. Identifier
   11. Title proper
   12. Parallel title
Basis for CONSER RDA Planning

1. Bridge training: AACR2 to RDA
3. SCCTP RDA serials cataloging workshop
CONSER Documentation Summary

Three CONSER RDA cataloging tools:
1. Incorporate related PCC decisions
2. Document CONSER RDA decisions
3. Serve as a decision making tool
4. Are available to anyone from the CONSER home page, from the RDA Toolkit as global Maps and a global Workflow
3: CONSER RDA Bridge Training

1. Scope: transition from AACR2 to RDA cataloging
2. Face to face and online formats
3. Modeled on NACO and LC training plans
4. Can be used by PCC and non-PCC institutions for staff training
PCC Assumptions

1. RDA NACO training
2. FRBR training modules provide a solid foundation
3. Other material from the Library of Congress (LC) RDA Training Materials Website
CONSER Bridge Training

1. Face to face sessions held at LC and other venues (July-Dec. 2012)
2. Face to Face session held for CONSER members Jan. 25, 2013
3. Online sessions scheduled in February and March 2013
Face to face and online sessions

1. Provide the opportunity to incorporate new ideas and feedback
2. Develop a common understanding of RDA serials cataloging practices
3. Make training materials and documentation freely available
Online learning platform

1. Supports communication with session attendees
2. Provides access to documents and links to prerequisite FRBR training modules
3. Discussion boards allow attendees to ask and respond to questions
4. Modeled on the LC Overseas offices training plans
Bridge Training Prerequisites

Prerequisite Modules
Online self-paced modules to complete before attending the CONSER RDA “Bridge” Training session.

1. RDA: FRBR Fundamental Concepts
2. RDA: FRBR Practicum -- Applying the Concepts
3. RDA: FRBR, RDA, and MARC
4. RDA: Using the RDA Toolkit

Additional Recommended Modules - Descriptive
These modules are optional but will give you a solid foundation in RDA descriptive cataloging before taking the short on time, focus on background material in each module, transcription and new RDA related MARC fields.

Descriptive Module 1: Identifying Manifestations and Items
Descriptive Module 2: Describing Carriers & Identifying Works
Descriptive Module 3: Expressions and Content
Descriptive Module 4: Relationships in RDA

RDA CONSER Records Peer Review
Interested in having your RDA records reviewed by a CONSER colleague? Willing to serve as a reviewer? Fill out Form to let us know how you’d like to participate.

Peer Review Information

Hosted by ALCTS, the Association for Library Collections and Technical Services.
Bridge Training Sessions

Please note: This is a publicly-accessible topic.

CONSER

Confirmation for Feb. 14-21 CONSER RDA sessions
Confirmation for first set of Feb. CONSER RDA sessions
Feb. 5 - Quiz 3 - Results
Feb. 5 - Quizzes 1-2 - Results

Each webinar series includes 3 sessions.

February 5-February 12 Series

Session 1: Tue 2/5/2013  1:30 PM - 3:00 PM Eastern
Session 2: Thu 2/7/2013  1:30 PM - 3:00 PM Eastern
Session 3: Tue 2/12/2013 1:30 PM - 3:00 PM Eastern

Registration (Closed)
Deadline: Tue. January 22nd  (Closed)

Hosted by ALCTS, the Association for Library Collections and Technical Services.
Summary

CONSER RDA Bridge Training:
1. Transitional
2. Formats: face to face and online
3. Evolves with input
4. Solidifies a common understanding
5. Training materials and documentation freely available
4. Next Steps

1. Documentation updates Summer 2013
   - Begin with CONSER Cataloging Manuals that have RDA recommendations

2. Consider models for SCCTP workshop
   - WEMI order rather than manifestation/MARC 21 based order
Summary

1. CONSER RDA documentation is freely available

2. The documentation may be helpful to PCC and non-PCC institutions in developing local workflows

3. The CONSER RDA Bridge Training material is freely available and may be useful to any institutions in local staff training
